A healthier, happier, future generation

Avenue Primary School attended our Primary West Leicester Table Tennis Competition. One of their Year 5 pupils particularly stood out to us. Other than our big yearly athletics competition, she hadn't been to an excel competition before.

Our Excel competitions provide opportunities for young people who aspire towards further progression and success in sport and physical activity; either as an individual or as part of a team, through competition structures, talent pathways and performance programmes. It was fantastic to see the pupils from Avenue Primary School getting involved.

The Year 5 pupil, who hadn't been to a competition like this before, completely flourished in the competitive environment. With a bit of encouragement from her teachers and our staff she had the confidence to take on pupils from other schools across the city.

She was engaged in all her games and remained focused. She enjoyed hearing her team mates cheering her on and they all enjoyed celebrating together after games...

It was fantastic to hear that after attending one Excel competition she had found a passion which had sparked an interest in something she wanted to pursue further. As the event was based at the Knighton Table Tennis Centre, we were able to signpost her to future sessions in order for her to take the next steps in her Table Tennis journey!
