

BIGGEST EVER GIRLS FOOTBALL DAY INSPIRE STORY

On 7th March 2025 we hosted a club links and England Football Talent ID day at Goals Soccer Centre. 10 schools from across Leicester City brought girls in year 8 and 9 to take part in football activities and a 3 vs 3 tournament. We delivered the day in Partnership with England Football and 3v3 UK. We also invited down some local clubs to chat with players and schools about opportunities they could provide the girls

The day started with a rotation of football activities with different themes. The themes included; working with the ball and without the ball, progressing play, playing under pressure, 3v3 rules and introduction.

After lunch the girls took part in a 3 vs 3 tournament led by 3v3 UK. It was great to see all the girls get involved, cheering each other on and enjoying themselves in the sun.

This event was a great opportunity to see the talent in schools for girls football across the city and give the girls the opportunity to showcase that talent and find out more about how then can play football outside of school. It was a great end to Girls Football week and we look forward to hosting a similar event soon
